7	if the newsletter waas up and running on the love lavenham site then website/email would have scored higher. I've tried to receive a newsletter from this site for over 8 months & still have received nothing - whilst this is an easy functionality to add to a site and a good and valuable source of village communication notwithstanding to aid the environment	11/5/2013 5:53 AM
8	too many unauthorised poster locations - look unsightly and not in keeping with the village. people should be encouraged to remove out of date posters , after the event. Poster display opposite ByChoice should be removed	11/4/2013 2:04 PM

## Lavenham's Neighbourhood Plan

27	Lavenham Life	10/15/2013 4:34 AM
28	We are not getting precise and full accounts of illegal activity and burglaries from police direct. We get more updates of thefts from concerned friends. Fast reporting via email/mobile phone text, possibly via Parish Council would be a good preventative measure making people more vigilant.	10/15/2013 1:38 AM
29	Posters around the village are a great way of communication, if you walk (which I do). The "do not stick posters here" signs stapled to the market place posts should be permanently removed. I suspect the paper shop have put them here so they can charge for adverts in their own window. I smile when I see Red Poll Beef regularly flout these notices, Hooray for them!	10/14/2013 1:44 PM
30	Not every person has a computer!	10/14/2013 1:40 PM
31	Not too many emails	10/14/2013 1:19 PM
32	Hi speed broadband for the exchange is essential. This should be advertised to local residents and businesses to register interest on the website	10/14/2013 11:38 AM
33	Better broadband would be good as would better mobile reception	10/13/2013 2:06 PM
34	I know email is cheap and efficient but not everyone can or. Wishes to use it regularly or at all. Posters in highly visible places and in shops, waiting rooms pubs etc are a constant reminder for people	10/13/2013 5:47 AM
35	All of these means should be used not everyone has access to email etc which, I know, is the cheapest option. Pick poster sights carefully - places where people go not just pinned on the wall at bus stops etc	10/13/2013 4:51 AM
36	Fast broadband required	10/9/2013 1:48 AM
37	Bring on strong Broadband	10/6/2013 10:01 AM
38	Once again ranking did not work (may prove a problem for your questionnaire). The following is our ranking:- Rank 1 letter drops Rank 2 Posters Rank 3 By e-mail Rank 4 Website Rank 5 Newspapers and magazines	10/1/2013 12:44 PM
39	Block 25. It depends on the nature of the public notice, of course. A simple notification of a future meeting date would use posters in addition to personally directed emails etc., but publication of the minutes of the last meeting would not. So I cannot answer this too-vague question.	10/1/2013 12:43 PM
40	More efficient publicity is needed for big events in the church	10/1/2013 10:39 AM
41	Internet is impossibly slow	10/1/2013 7:14 AM
42	Letter drops last as costs postage or is labour intensive	9/30/2013 2:56 AM
