**COUNCIL MEETING 21<sup>st</sup> Nov 2017**

A lively meeting which saw further recommendations on boundary review sent to Boundary Commission. On the whole their work was supported. With reference to the suggested changes, Cockfield made a play to try and join Lavenham rather than Long Melford, but Acton were quite happy to stay with Lavenham and so objected to any change to the suggested new boundaries.

The council discussed the merger opportunity and the back benches brought a motion, to make the decision on whether to proceed with merger and take it the public, a full council decision not just a cabinet decision. This was deferred until Babergh could speak to their legal counsel.

I would like to remind you that the report from council officers, which recommended that both Cabinets provisionally endorse the option of dissolving the existing councils and forming a new council, along with the other papers for the Cabinet Meetings, can be found online at:

**EMERGENCY COUNCIL MEETING 4<sup>th</sup> DECEMBER 2017**

Following the meeting above, an emergency meeting was held on 4<sup>th</sup> December, again with lively debate. The focus was on how to proceed with looking into the merger idea and whether this should be a cabinet decision or a full council decision (as per the back bench motion. Babergh's legal counsel have confirmed it should be a cabinet decision as per the constitution.

Therefore the cabinet will look again at recent telephone surveys and polls to gauge an idea of whether to continue looking at the merger option and if so, how best to proceed with that.

Current status of the main 3 sites in Lavenham is as follows:

**Land behind Howletts Garage**

Planning was granted by the planning committee on 8<sup>th</sup> November. There is an element of CIL provided per house, but due the number of houses there is also some S106 contributions required and these are currently with the Babergh team to negotiate with the developers.
